RE: Nisqually Quiemuth Village Mixed Use Development and Fee-to-Trust Project

Dear Chairman Klatush:

The Bureau of Indian Affairs (BIA) Northwest Regional Office (NWRO) is conducting National Historic Preservation Act (NHPA) Section 106 consultation with the Confederated Tribes of the Chehalis Reservation regarding the Nisqually Tribe's proposal to develop the Project Site for mixed land including commercial, retail, office, housing, and recreational along with ancillary infrastructure and facilities. The BIA is consulting with the WA DAHP to review the BIA's determination of the area of potential effects (APE) and determination of effect.

The APE for the proposed project is in Sections 10 and 11, Township 18 North, Range 1 West, Willamette Meridian. A Cultural Resource Study prepared for the site is attached to this letter. The report identifies that no eligible historic properties were identified within the boundaries of the proposed project. The Nisqually Tribes Cultural Program has concurred with the determination of "No Historic Properties Affected" and their letter is also attached. As part of the BIA's consultation, we are contacting the WA DAHP for concurrence and the Squaxin Island, Puyallup, and Skokomish Tribes to identify potential historic properties of cultural and religious significance to their communities, comments on the APE and identification efforts, and the determination of effect.

Therefore, the BIA, as per §36 CFR 800.4(d), has determined that the implementation of the proposed undertaking will result in a 'No Historic Properties Affected'. The BIA is requesting the identification of any historic properties of cultural or religious significance to your community and any comments or concerns with the determination of 'No Historic Properties Affected' within 30 days of receipt of this letter. Please direct any questions or requests for additional information to Eirik Thorsgard, Regional Archaeologist, at eirik.thorsgard@bia.gov or (503) 231-6921.
